

Myat Reducers to Type LC, 50 Ohm, Power Ratings

Standard Conditions:

Production Test Voltage: 5.27 kV DC

Peak Power Rating: 33.8 kW, Based on Production Test Voltage, dry air at sea level atmospheric pressure and includes a safety factor of 2.

Average Power Rating: Ambient Temperature 40 °C (104 °F), Inner Conductor Temperature 100 °C (212 °F), Dry Air, Sea Level Atmospheric Pressure, VSWR 1.0
